Career History:

Babylon radio   **Dublin**
Web Developer (Internship)   **Nov 2023 - Dec 2023**

- Collaborated closely with UX/UI designers to translate wireframes and PSDs into visually stunning and responsive web pages, ensuring cross-browser compatibility.Utilized **HTML5, CSS3, JavaScript, JSON, React.js, Redux , RESTful APIs** to develop user-facing elements, prioritizing optimal usability, performance, and responsive design.
- Implemented react drag and drop functionality, form, Material UI, Graphs, and API calls.
- Conducted comprehensive testing, including Unit, Integration, and End-to-End (E2E) testing, to ensure seamless functionality across various platforms and devices.
- Provided technical support to internal teams and clients, fostering strong relationships and delivering superior customer satisfaction.Proficient in code debugging, adept at identifying and resolving technical issues to ensure smooth software functionality within an agile development environment.

Mobileware Technology pvt ltd
India **Software Engineer : Android App Development (Mobile Banking Application)**   **Feb 2020 - Oct 2022**

- Led the development of a cutting-edge API banking platform, leveraging Agile methodologies to empower financial institutions in revolutionizing their digital payments infrastructure. This transformative application seamlessly integrates a plethora of banking services, including AEPS, BBPS, DMT, Account Opening, FD RD Opening, Insurance, Micro ATM, loan repayment, and voucher management, all within a unified platform.
- **Technological Expertise:** Leveraged a robust tech stack comprising **Angular 8+, AngularJS, HTML, CSS, JavaScript, TypeScript, Ionic, JSON, XML and RESTful APIs** to architect and deploy a highly scalable and feature-rich banking solution.
- **Performance Optimization**: Spearheaded the implementation of innovative caching mechanisms to dynamically store API responses, mitigating code complexity and enhancing application performance. This strategy drastically reduced redundant API calls, resulting in unparalleled efficiency and a seamless user experience.
- **Biometric Authentication Integration**: Played a pivotal role in enhancing security measures by seamlessly integrating and enhancing a Biometric plugin within the application. Implemented advanced biometric authentication features, ensuring a secure and frictionless user experience for both public and corporate users.
- **Collaborative Development:** Facilitated streamlined collaboration among team members through the adoption of version control using Git. Actively participated in code reviews, knowledge sharing sessions, and team discussions, fostering a culture of innovation and continuous improvement.

Responsibilities :

- Collaborated closely with mobile design and back-end development teams to ensure seamless product delivery and scalability.
- Designed and implemented a sophisticated UI, incorporating intuitive icons, imagery, and fonts, while emphasizing seamless REST API integration.
- Successfully delivered production-ready signed builds, adhering to stringent quality standards and timelines.
- Actively engaged in Unit, Integration, and End-to-End (E2E) testing alongside development and QA teams, ensuring robustness and reliability.
- Implemented an SDK, empowering developers with comprehensive tools and frameworks to extend application functionality and drive innovation.

Technical Skills:

- **Front-End Development:** HTML5, CSS3, SCSS, SASS, ES6, RESTful API, Bootstrap, JavaScript, TypeScript.
- **Frameworks & Libraries**: AngularJS, Angular 8+,React, Redux.
- **Database** : MySQL.
- **Tools & Technologies:** Webpack, Git, Wordpress, Ionic, Cordova

Certification:

- Certificate of participation in the **Android workshop** held in January 2018.
- Active involvement in the workshop "**Android App Development**" during Alegria - the Festival of Joy 2016.

Education:

Ramrao Adik Institute of Technology   Mumbai University
Bachelor of Engineering in Information Technology   **June 2016 – Aug 2019**

Interests:

- Actively contribute to open-source projects on GitHub, demonstrating a commitment to ongoing learning and professional development.
- Engage in tech events and workshops to stay abreast of emerging trends and technologies, fostering a culture of innovation.
